

TDCJ TURNOVER CRISIS

TURNOVER IN PAROLE AT HIGHEST RATE IN OVER A DECADE!

Stagnant pay rates and unreasonably high caseloads have led to the highest turnover rates in a decade. High turnover means even higher caseloads for already overworked and underpaid TDCJ Parole employees.

TSEU members take the mission of TDCJ to provide public safety, promote positive change in offender behavior, reintegrate offenders into society, and assist victims of crime seriously. The state of Texas must show that they take this mission seriously as well by investing in better pay and more staff to address turnover and high caseloads before things get even worse!
