Here are the legislative goals that TSEU members from our University Caucus chose during General Assembly. Join TSEU to join the fight.

- 1.** All university/health science center employees - including part-time, adjunct, and graduate workers - should receive the same benefits as other state employees, such as a pension, years of service accrual, across-the-board pay raises, full healthcare for employees, including gender-affirming and reproductive care, and in every way be considered state workers.
- 2.** Support academic freedom and freedom of speech for all faculty, staff, and students while opposing the use of state force, disciplinary measures, and punishment intended to suppress those freedoms.
- 3.** Reverse the ban on DEI and restore and fully fund university programs.
